Saturday, April 22

1 - 4 pm   Workshop 3: Perioperative Ultrasound
           Vascular Access
           Laeben C. Lester, MD

Sunday, April 23

3:30 - 5 pm   Super Echo Panel
             Co-Organizers: Mary Beth Brady, MD FASE and
             Kathryn E. Glas, MD MBA FASE

1:30 - 4:30 pm   Workshop 6: Advanced TEE
                 Moderators: Mary Beth Brady, MD FASE and
                 Stanton K. Shernan, MD FAHA FASE

Monday, April 24

3:30 - 5 pm   Percutaneous Valve Care: The Role of Cardiac Anesthesia
              TAVR: Do We Really Need GA?
              Mary Beth Brady, MD FASE

Tuesday, April 25

10:30 - Noon   Left Heart Failure
               Perioperative Management and Outcomes
               of Patients with HOCM
               Mary Beth Brady, MD FASE

1 - 2:30 pm   Best Practices for Cardiopulmonary Bypass Management
              Co-Moderators: Mary Beth Brady, MD FASE and
              Slava Barodka, MD
3 - 4:30 pm  Perioperative Care of the Morbidly Obese Cardiac Surgical Patient
Airway Management for the Obese Cardiac Surgical Patient
Laeben C. Lester, MD

Wednesday, May 26

8 - 11 am  Perioperative TEE Review Session
Hemodynamic Calculations
Mary Beth Brady, MD FASE

Committee Involvement

SCA Research Committee: Charles Brown, MD
SCA Abstract Review: Mary Beth Brady, MD, FASE
SCA Annual Meeting Scientific Program Committee: Mary Beth Brady, MD, FASE
SCA Research Committee: Jochen Steppan, MD
SCA grant applications review: Wei Don Gao, MD

Abstracts

1. Acquired left ventricular inflow restriction after orthotopic heart transplantation
   Maria Bauer MD, Nadia Hensley MD
   Saturday, April 22 5-6pm

2. Intraoperative tranesophageal echocardiography for Watchman device implantation:
   guiding device deployment and managing complications
   Anubhav Kapoor MD, Mary Beth Brady, MD FASE
   Saturday, April 22 11 am - 12 pm

3. Pneumonectomy and Pulmonary Endarterectomy for Pulmonary Artery Sarcoma
   JR Fan MD, Susan Sankova MD, Nadia Hensley, MD
   Friday April 21 1:20pm to 2:10pm

4. Dynamic Right Ventricular Outflow Tract Obstruction as a Complication after
   Intramyocardial Left Anterior Descending Coronary Artery Bypass
   Eric Lin MD, Laeben Lester, MD
   Saturday, April 22 11am-12pm

5. Utilizing Echocardiography to Guide Anesthetic and Surgical Management for a
   Challenging Pericardial Biopsy
   Brian Cho MD, Brian Bush MD, Keri Koszela MD, Mary Beth Brady MD FASE
   Saturday, April 22 5 - 6 pm

6. Anesthetic Management of an Adult with Ebstein's Anomaly Status Post Fenestrated
   Lateral Tunnel Fontan Undergoing Posterior Spinal Fusion for Scoliosis.
   Shahab Khademi, Jochen Steppan, Aoife Marasco
   Saturday, April 22 11am-12pm
7. Postoperative Delirium and 6 Year Cognitive Decline:
   Robert Sickeler MD, Maura Grega MSN, Rebecca Gottesman MD PhD, Charles Brown MD MHS
   Tuesday, April 25 12-1pm
